Unit 11: Pre-writing & Outlining	1 2 3 4 5 UT
Unit 12: Idioms	1 2 3 4 5 UT

## Note by Internet Publisher: Donald L. Potter

Odessa, TX – January 12, 2010

These charts are designed to help teachers keep track of their students' progress through the Grammar and ELAR lessons in [www.mystudyhall.com](http://www.mystudyhall.com)

The **Grammar Modules** are competency-based and must be learned in the order of presentation.

The **English Language Arts / Reading** units are stand-alone units that can be mixed and mingled at will. The ELAR Levels contain units that can be learned by any age person who needs them (age 10 on up).

I use **MyStudyHall.com** with all my older tutoring students who have learned to read with my phonics programs. Students who complete the lessons will gain a great advantage on the SAT test and will have the necessary skills to communicate skillfully in the English language for business and academic purposes.

For students of any age who are not yet able to read well enough to complete these lessons, let me suggest a visit to the education page of my personal website [www.donpotter.net](http://www.donpotter.net), where you will find the very finest phonics material available anywhere - and much of it is free!

I am a retired public school teacher with 21 years experience in bilingual education. ESL, secondary Spanish, and Dyslexia. I now teach Spanish, remedial reading, and cursive handwriting at the *Odessa Christian School* in Odessa, TX. USA. I also tutor privately after school and during the summer vacation.
